

An Educational Prescription for Individuals with Autism

The ACE® is the culmination of 35 years of research and practice conducted at the New England Center for Children®, a leader in the fields of ABA and Autism.

ASSESS Identify Key Factors for Individual Success

The Core Skills Assessment prioritizes 48 foundational skills necessary for independence for all individuals with autism regardless of age or ability levels. Designed to be used with children who cannot otherwise be easily assessed with standardized tools.

- Skills can be assessed directly in a variety of settings
- Assessment materials are included
- All Core Skills are linked directly to the curriculum
- Core Skill Assessment Reports can be used to identify annual education goals and compare performance across years

Student Information	Report Generated On: 7/21/2011 12:02:10 PM		
School: ACE School	Team: Classroom 122	Student Name: Co. Brian	
Date of Birth: 02/04/2000	Age: 10	11	
Date of Admission: 07/16/2005	Year: 2009-2010	2010-2011	2011-2012
	Assessment Start Date: 06/04/2009	06/01/2010	06/01/2011
	Assessment End Date: 06/05/2009	06/02/2010	06/02/2011
Eats with utensil	4	5	5
Drinks from a cup	5	5	5
Showering	3	3	4

TEACH Build Independence Across Life Span

The Curriculum contains a bank of over 1,200 customizable lesson plans in the areas of: Discrimination, Communication, Social, Academic, Self Help, Community, Vocational, and Leisure Skills.

- Measurable goals
- Customizable teaching procedures including Discrete Trial, Task Analysis, Incidental Teaching, and Video Modeling
- Video Demonstrations
- Lessons designed to maximize independence and promote generalization

EVALUATE Document Success Every Day

See daily progress and share with parents, colleagues, and supervisors.

- Access reports to view student progress on each ACE lesson
- Quickly identify when students are struggling and make changes to the lesson
- Access reports to identify areas of strength and weakness within a group of students

The collage displays several key reports from the ACE system:

- Individual Assessment with Pivotal Area (IAP):** A detailed report for a student named Co. Brian, dated 7/21/2011. It includes an overview of the assessment process, a list of 48 skills with performance scores across three years (2009-2010, 2010-2011, 2011-2012), and a table of goals for the next year.
- TA Session Data Report:** A report for a TA session on 7/20/2011, showing session details and a list of skills practiced.
- Core Skills Aggregate Report (By Domain):** A bar chart showing the number of skills mastered across various domains like Communication, Social, and Academic.
- SA Session Data Report:** A line graph showing the number of skills mastered over time for a specific student.
